

How you can help:

1) prayer support

We need regular and faithful prayer support. You can contact us and we will be happy to send you regular reports and prayer requests about the project.

2) personal support

You can participate in the project in person - come and serve with us. We need help among others in the areas of evangelism, children's ministry, worship and intercession. Maybe you know somebody from the town or village and you can acquaint him/her with our project, invite him/her or bring with you.

3) ideal status

2-3 functional families would be a good foundation for ministry development in each town - one so-called pathfinder, one as a support person and one in between. This challenge may be for you - if you hear God's call we encourage you to respond...

4) adoption

You can „adopt“ one of the towns - it means to accept the town as your own and pray regularly for it, seeking how to help with a new church plant.

5) evangelistic couple

We are seeking at least one foreign couple with evangelistic gifts, which would help to improve and expand the work. Being part of the mother church, the couple would also participate in mission activities at the various church stations.

6) financial support

We believe that God will supply our needs. If you would like to participate with financial support, we would be very grateful.

5T Action is a church planting project of the Apostolic church in Vyskov, with the goal of planting 5 new churches in the surrounding region of Vyskov.

We believe that as a church we have calling from Lord God not only to work in one town, but to spread God's kingdom to our region, thus being a part of the Great Commission - *Go into all of the world, preach the gospel and make disciples.*

5T Action is a pilot project for church planting in the Vyskov region - we want to attempt to spread the gospel, by planting churches, which will plant other churches.
